I think that modern life is impossible without travelling. People travel the globe to see modern cities and ancient towns. But some say that travelling is just a waste of time and money. I am disagree with that, and here's why.

To begin with, travelling gives us an opportunity to explore the country and its traditions. Also, it is a good chance to try national food and take part in national festivals. In addition, ~~it is a good~~ travelling is the best way to practise foreign languages and to make new friends
